

Welcome to this week's

FLAT STANLEY WORKSHOP BY HALEEMAH SAHDIA

On Thursday an artist came to Class 13 and her name was Mrs Herrick. We made a map of Stanley around the world. We had to make it out of felt! To do this we had a mat and a piece of fabric. We had to put layers of wool, at least 3 layers and then we wet the layers and rolled them. Each piece of felt made a different country's flag. Each country had to have something on it that it is famous for, like Japan is famous for it sushi. After we had done that we had to roll it again. As we were rolling we had to wet the felt to help it stick. Once it was ready we had to leave it to dry and once it was dry we washed it and put it onto a big cloth. When it had dried we had to sew a famous thing and Stanley onto our piece of felt. When the day was over Mrs Mustafa kindly sewed the piece of felt onto the big background. We all had a fantastic time!!

Christmas/Eid Event

Another successful event took place on Friday after school.

It was organised by the PTA and there were lots of different activities for the children to enjoy. The delicious food cooked by the parents was very popular and sold out before the end.

We would like to thank all the parents and staff, who helped make Friday successful. We were able to raise over £400 for school funds.

So please visit the site at www.beechhillschool.co.uk. We will be putting pictures of the event and children on the website, together with Dawud Wharsnby visit in November
