World Maths Day

www.worldmathsday.com

On Wednesday 3 March it is World Maths Day. As a school we are going to take part in a World Maths challenge where children from the school will be able to compete against other children around the world in maths quizzes. The children will also be able to play maths quizzes on the website at home on Wednesday evening. Your child will receive a username and password from school which they will be able to use at home on the website. I hope you can take part in the maths madness!

World Book Day

<http://www.worldbookday.com>

On Thursday 4 March we will be celebrating World Book Day at the school. Children have been asked to dress up as a special character from a children's book. We would encourage parents and carers to help the children create their costume and prizes will be given to the most creative handmade costumes.

We appreciate your support in helping make this event successful.

In addition there will also be a book sale in the school hall after school if you want to purchase a book please bring money with you.

Children will also receive their free World Book Day book appropriate to their reading age.
