## Bankfield Museum

On Tuesday, year six enjoyed their trip to Bankfield Museum to solve a murder mystery! We got the chance to be detectives and gather evidence left behind by the murderer.

We found clues such as gloves, postcards, letters and a diary. We travelled back in time to 1871 to meet the two suspects; Miss Hayley Hill and Micheal Magner. At the end we solved the murder and discovered that it was actually Patrick Connor, in disguise as Magner! Year six had an amazing time at Bankfield Museum.

## Weather warning

Can we please ask that ALL children come to school with a warm winter coat as the weather is very cold.

A warm winter hat and gloves will also keep the children warm.

## Term time holidays

As a school can we ask when booking a Holiday you consider our term time dates, as booking holidays during term time affects the amount of time children are spending in school and this will impact on their learning and progress.

## Year 2 residential

On Thursday 14th November, twenty-four Year 2 children from Beech Hill School and thirteen children from Dean Field Primary School went a one-night residential to Nell Bank in Ilkley. The residential was all based around our story in English - Owl Babies.

As soon as we arrived, we ate our packed lunch and after that we took part in a number of fun ice-breaker games to get to know our new friends from Dean Field. We then split into two groups (children were paired or in threes with their new friend from Dean Field), and took part in a range of activities in the woods such as a habitat trail, a mini-beast hunt and a scavenger hunt. It was then time for children to make their beds and make their way for tea. Later that night, the children went on a moonlight walk through the woods.

"I loved meeting new friends from Dean Field!" "I wish that we could come on residential every week!" and "It was the best sleepover EVER!". The staff at Nell Bank praised our school for exemplary behaviour and manners and described our school as 'one of the best schools to visit'.
