

BEECH HILL NEWS

Friday 30th April 2021

Important Notice

If you need to visit school at any point during the day and you are coming by car, please do not try and access the school car park via the barrier - you will be refused entry. Please find an alternative and safe place to park and walk down to school. This is for the safety of children, staff and any visitors on foot as last week we could have had a casualty.

Thank you for your co-operation and understanding with this matter.

Caught Being Good

These children have received a bronze certificate this week for earning 50 'Caught Being Good' stickers.

Hamsika Nagumalla - Australia

Alaiza Akhtar - Australia

Well done! Keep up the hard work.

Calling all parents, carers and family members!

We are on the search for willing volunteers to make a video and/or talk to our children around jobs and careers in STEM (science, technology, engineering and maths). We want to push STEM careers as a real option for our children for when they are older and to give them inspiration to take on STEM subjects as they move up in their education.

Some examples of STEM jobs are as follows: doctor, nurse, dentist, scientist, radiographer, engineer, architect, physiotherapist, pharmacist, computer systems administrator etc.

If you work in this area or know anyone who fits this category, please could you ask if they would be interested in making a video or doing a Zoom interview with some children. If they are willing to help, please send their contact information to the school admin email address (admin@beechhillschool.co.uk) or send a message to your child's class teacher on Seesaw to pass on to Miss Jordan.

Many thanks,
Miss Jordan

Top Tips for effective engagement with your child on Seesaw

Follow the **TAG** system

T- Tell. Tell your child something you like about their work

Examples- I like how you've sorted the pictures, I like the detail that you have included in this writing

A- Ask. Ask a question

Examples- what would happen if...? Do you know any other books by this author? Why is this your best work? How did you work this out?

G- Give. Give a suggestion

Examples- I wonder what it would look like if you added some labels? I wonder how adding some detail would improve this work? Are there any other ways that you could work this out?

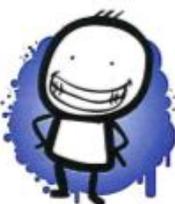

You don't have to use all of these at once, just choose the most appropriate one.

Writing a comment or leaving a voice note on your child's work has much more impact than just clicking the 'like' button

Catch them Being Good

A guide for Parents

Shine a light!

All children seek attention.

They like to be noticed—it is natural behaviour.

So try and catch them being good.

Top Tips:

- Give thumbs up
- Pat on shoulder
- Give rewards
- Smile
- Cuddle

Show them you are pleased!

We often make the mistake of giving attention to children when they are misbehaving and ignore the good behaviour.

Because of this, a child will learn that bad behaviour is the thing that gets attention.

So...

Try and notice them when they are playing nicely, being polite or helpful.

Comment positively on the behaviour with comments like: “You’re so good at sharing” or “Thanks for coming quickly; I am so glad”.

Dinner Menu w/c Monday 3rd May
