Independent Support – both the above organisations have also been commissioned by the Department of Education to deliver Independent Support in Calderdale. These will provide advice and support for parents of children with SEN, and young people with SEN, through the statutory assessment and Education, Health and Care Plan (EHCP) processes.

Independent Supporters will help to build resilience in families by offering a range of time-limited support such as liaison across different agencies and advice on personal budgets. The level and nature of that support will be tailored to the particular needs of individual families.
